If yes, what did you report or complain about, and to whom?

In 2023, we were the victim of criminal vandalism on the basis of our religion and/or perception of our religion when an individual destroyed a symbol of our religious faith in the Iowa State Capitol Building. We complained of this incident immediately, which was extensively covered in the press. Second, on July 12, 2024, we applied to hold a multi-day Reading Marathon of Paradise Lost, to be held from September 16 through September 19, 2024. On July 26, 2024 IDAS changed its events policy to preclude (a) multi-day events, and (b) limit particular groups to one-event-per-year. The restrictions were intended to and designed to prevent us from holding our holiday event later in the year. We complained immediately to IDAS. We complained of the denial of our application for a 2024 holiday display on the basis of our religion and/or perception of our religion, directly to Director Steen at IDAS and have a pending complaint with the OCR. (CP# 07-25-84063 & 07-25-84064). Finally, we complained of the denial of our application for a 2025 holiday display on the basis of our religion and/or perception of our religion, directly to Director Mark Campbell at IDAS and have a pending complaint with the OCR. (CP# 07-25-84063 & 07-25-84064)

What happened to you as a result of your report or complaint.

Our complaints relating to the destruction of our 2023 holiday display were a basis for the denial of our 2024 and 2025 applications, along with Respondents' prejudiced views about our religion. Specifically, due to our complaints, Respondents prohibited us from accessing the State Capitol on equal terms to other faiths and secular groups during the 2024 and 2025 holiday seasons.

We complained regarding IDAS's change in policy prohibiting multi-day events and multiple events by particular groups per year. IDAS did not revert its policy in response to our complaint. Accordingly, and in reliance on this new policy, we canceled our Reading Marathon event—which IDAS had proposed to approve only for a single day of the requested four—so that we would be able to hold our holiday event later in the year. We have since learned this policy, in addition to being targeted towards us, has not been applied evenly. We believe other groups are being allowed multi-day or multiple events per year without restriction by IDAS or its one-day-per event, one-event-per-year policy.

Following our complaint of the denial of our 2024 application, despite our attempts to resolve the stated basis for the denial and despite time remaining to accommodate our request to hold an event, Respondents did not provide us any timely response. Having knowledge that their denial of our initial application was baseless and blatant discrimination on the basis of our religion and/or their perception of our religion, Respondents continued to prohibit us from accessing the State Capitol on equal terms to other faiths and beliefs during the 2025 holiday season.

4. What was the date (month/day/year) of the MOST RECENT discriminatory incident?

(REQUIRED): 11/24/2025 was the last denial, but the discrimination is ongoing with IDAS failing to respond to the TST application for two months unlike with other groups

5. If Employment is the Area, what is your hire date or application date? _____

6. Are you still employed by the organization that discriminated against you?

If no, when did your employment end? _____ (month, day, year)

How did your employment end?

☐ Terminated

☐ Voluntary Quit

☐ Forced to Quit/Retire

-----SECTION 4 • BRIEF SUMMARY OF ALLEGATIONS-----

Please describe what happened to you. State how you were discriminated against. What happened? When did it happen? Be sure to address each Action you checked on page one and each Basis you addressed on page two. *[Please read the instruction sheet before writing your brief summary.]*

I, Mortimer Adramelech, on my own behalf and as a minister of the Iowa congregation of The Satanic Temple, Inc. ("TST") bring this action due to the discrimination we and our impacted Iowa congregation have experienced. TST has been the victim of highly publicized and well documented discrimination on the basis of our religious beliefs.

On March 7, 2026, we properly submitted a Capitol Building Application to hold an event in the 1st Floor Rotunda—East entitled TST Iowa Holiday Display Day on December 12, 2026. (Exhibit 1). In our application, the Event was described as follows: "TST Iowa's holiday display will include an itinerary for the day with ritual, Krampus costumes, caroling, and other family-friendly activities such as coloring pages, and make and take ornaments. Everything will be family-friendly, and our display will be always attended to by at least one member of our congregation at all times." (Exhibit 1).

As of May 18, 2026, over two months later, we have not received any response to our application. Other organizations have had events approved on the calendar as far out as January and February 2027. This timeline in conjunction with the experiences of the last two years indicates that Respondents do not intend to consider our application seriously or fairly, but instead likely intended to deny it nearer to the event date as they have in the pasts.

As a matter of process, when DAS receives an application, the events coordinator acknowledges receipt and places the event on the calendar within one to two business days . (Exhibit 2). This has been the case with all of the applications we were able to review. (Exhibit 2). We did not see any application that just went completely unanswered. In our case DAS has refused to even take the state of acknowledging receipt, let alone place the event of the calendar.

Respondents' treatment of TST is different and worse than how they treat others who seek to hold events at the Capitol, based only on our religion. We believe their ongoing failure to respond is a functional denial, since we cannot proceed with scheduling our event. And, on an ongoing basis, we are being denied services on equal terms to others because Respondents' disfavor our religion.

The Iowa Department of Administrative Services ("IDAS"), has failed to provide a response on our 2026 application to hold a holiday display and an event in the Iowa Capitol Building Rotunda. They have previously denied our application based on religious discrimination.

IDAS through its Director also denied our 2025 application to hold a holiday display and event in the Iowa Capitol Building Rotunda—both (1) on the basis of our religion and/or their perception of our religion and (2) in retaliation for our prior reports of discrimination.

On September 29, 2025, we properly submitted a Capitol Building Application to hold an event in the 1st Floor Rotunda—East entitled TST Iowa Holiday Display Day (the "Event") on December 13, 2025. (Exhibit 2). In our application, the Event was described as follows: "TST Iowa's holiday display will include an itinerary for the day with ritual, Krampus costumes, caroling, and other family-friendly activities such as coloring pages, and make and take ornaments. Everything will be family-friendly, and our display will be always attended to by at least one member of our congregation." (Exhibit 3).

On October 29, 2025, Suzy Trotter, the Capitol Complex Events Coordinator for IDAS, informed us that the Event was added to the Capitol Complex Events Calendar and requested us to complete and submit a Memorandum of Understanding ("MOU") "with a sketch and / or details of the event." (Exhibit 2). We did so and submitted the requested MOU and information on November 4, 2025. (Exhibit 3). 6

On November 6, 2025, she requested additional information about the event. (Exhibit D). On November 11, 2025, I provided the requested information. (Exhibit 3). On November 24, 2025, I received an email from Suzy Trotter stating "this request is not.

On June 10, 2025, we filed a civil rights complaint against Adam Steen, IDAS, and IGOV for the discriminatory denial of our 2024 event application. We incorporate here the allegations from those complaints. (CP# 07-25-84063 & 07-25-84064). On November 24, 2025 the OCR provided its Tier 1 Investigative Report, recommending further investigation in the cases. (Ex. 3).

In 2024, TST Iowa submitted its application on October 7, 2024 — months in advance. We completed all requested forms and provided supplementary information and materials on October 21, 2024. With no response, we followed up to check on the status of our application on November 4, 2024 and again on November 12, 2024. It was not until December 3, 2024, mere weeks prior to the planned Event-date, that IDAS requested still more information about the Event, which we provided immediately, and then not until December 10, 2024 — days prior to the planned event, that IDAS issued its summary denial. All our attempts to resolve the purported concerns were ignored.

This timeline indicates that Respondents never intended to consider our application seriously or fairly, but instead always intended to deny it. The timeline also indicates that Respondents intentionally delayed in communicating their decision to us, in contrast to a more typical timeline to process other event applications for individuals and groups associated with, or perceived to be associated with, non-Satanic religions. They did so because it left us scrambling to try and appease their concerns by modifying the Event at the last minute and excused them the embarrassment of drawn-out publicity concerning their unwarranted cancellation and their ongoing refusal to engage with us on the Event. By delaying, they were able to ignore us and refuse to entertain our offers to, for example, omit the costume contest and reschedule. In part through this delay, Respondents were able to prevent the Event entirely and deprive us of equal access to the Capitol during the 2024 and 2025 holiday seasons and are now using the same tactic to deny our application for our upcoming 2026 holiday event.

This most recent denial is just another in the string of repeated denials of the TST application to hold a holiday display and event in the Iowa Capitol Building Rotunda in 2024 and 2025—both (1) on the basis of our religion and/or their perception of our religion and (2) in retaliation for our prior reports of discrimination. I would like to incorporate all evidence from our previous cases CP# 84063 & 07-25-84064, CP# 85526, CP# 85468 (Ex. 3).

I certify under penalty of perjury and pursuant to the laws of the State of Iowa and the laws of the United States of America that the preceding charge is true and correct.

Hi Grant- your application is a request to hold an event on 2/12/2026. Unfortunately, groups can only hold one event per calendar year. I am wondering if you were planning to request a date in 2027?

Jessica, our office will follow up with an agreement at a later date to confirm Application Number: ACB796. Please note that we could not accommodate your request to be set from 12p-5p because the Iowa Department Of Veterans Affairs will be using the space until 1p. I have you on the calendar from 1p to 5p. If this is not acceptable, let me know to remove the event from the calendar and the agreement processing.

I see that the event is listed as "no title"

Not sure if some of the info on the form got lost.

Are you able to add that it is called "PEI teacher day on the hill" and list the organization as "Professional Educators of Iowa"?

Hi Suzy -

Well as it turns out our plans have changed. I didn't realized that Thursday Jan 14, 2027 is inauguration day.

Our lobbyist cautioned us against having our event that day so we need to cancel.

I plan to reschedule as soon as we decided what to do.

Thank you for your patience!

Hi Suzy -

Well as it turns out our plans have changed. I didn't realized that Thursday Jan 14, 2027 is inauguration day. Our lobbyist cautioned us against having our event that day so we need to cancel.

I plan to reschedule as soon as we decided what to do.

Thank you for your patience!

Hi Tom, our office will follow up with an agreement at a later date to confirm Application Number: ACB802

Tables and chairs - we do have a ~20 plastic folding tables of various sizes and ~150 padded metal folding chairs on rolling storage racks near the Grand Staircase. Groups set up what they need according to the agreement and return what was used at the conclusion of their event - everyone is self sufficient. However, if you would like, groups are welcome to bring in their own tables or work with vendors of their choice to provide tables and chairs / set up services as long as the services are during the time of the agreement and not disruptive to another group hosting an event.

At your convenience, feel free to review the agreement templet linked below.

Equipment and Displays. Event Requestor will provide all equipment necessary to conduct the Event. The State of Iowa is not responsible for any damages, loss, or theft to equipment or displays provided, owned or used by Event Requestor." We only have tables and chairs for groups to use on a self sufficient basis. We do not have audio / visual equipment. Section 5.1 "

5.10. Clean-up/Waste Removal. "Event Requestor will provide waste receptacles to collect waste from the Event Area. Event Requestor will remove all waste generated during the Event from the Event Area."

Hello there!

Sounds good, thanks for the update on the agreement. Thank you very much!

I have received your notes on tables and chairs, AV Equipment, and waste removal. We will take care of any necessary AV and we will provide all waste receptacles. We will also be able to set up all the tables and chairs.

With regards to cooking outside, we haven't finalized the details yet on the catering. We will either have it prepared ahead of time and brought in in warmers, or we will be cooking outside and bringing it in. Is either way acceptable?

Thanks and we're looking forward to bringing local food breakfast to the Capital next year!

Hi Cyndi, Yes, you can set up in the West, South and North? You can have all four sections if you would like.

In the past other groups submitted applications prior to yours and limited the space on the day you wanted. As of this email, I have not received any other requests for 1/27/2027 from 10a to 1:30p. Would you like the entire Rotunda or just West, South and North?

I just did not want to be "piggy" but I guess it would make it easier if we had the whole rotunda.
OK, so let's take the whole space. THANKS!

If yes, what did you report or complain about, and to whom?

In 2023, we were the victim of criminal vandalism on the basis of our religion and/or perception of our religion when an individual destroyed a symbol of our religious faith in the Iowa State Capitol Building. We complained of this incident immediately, which was extensively covered in the press. Second, on July 12, 2024, we applied to hold a multi-day Reading Marathon of Paradise Lost, to be held from September 16 through September 19, 2024. On July 26, 2024 IDAS changed its events policy to preclude (a) multi-day events, and (b) limit particular groups to one-event-per-year. The restrictions were intended to and designed to prevent us from holding our holiday event later in the year. We complained immediately to IDAS. Finally, we complained of the denial of our application for a 2024 holiday display on the basis of our religion and/or perception of our religion, directly to Director Steen at IDAS and have a pending complaint with the OCR. (CP# 07-25-84063 & 07-25-84064)

What happened to you as a result of your report or complaint.

Our complaints relating to the destruction of our 2023 holiday display were a basis for the denial of our 2024 and 2025 applications, along with Respondents' prejudiced views about our religion. Specifically, due to our complaints, Respondents prohibited us from accessing the State Capitol on equal terms to other faiths and secular groups during the 2024 and 2025 holiday seasons.

We complained regarding IDAS's change in policy prohibiting multi-day events and multiple events by particular groups per year. IDAS did not revert its policy in response to our complaint. Accordingly, and in reliance on this new policy, we canceled our Reading Marathon event—which IDAS had proposed to approve only for a single day of the requested four—so that we would be able to hold our holiday event later in the year. We have since learned this policy, in addition to being targeted towards us, has not been applied evenly. We believe other groups are being allowed multi-day or multiple events per year without restriction by IDAS or its one-day-per event, one-event-per-year policy.

Following our complaint of the denial of our 2024 application, despite our attempts to resolve the stated basis for the denial and despite time remaining to accommodate our request to hold an event, Respondents did not provide us any timely response. Having knowledge that their denial of our initial application was baseless and blatant discrimination on the basis of our religion and/or their perception of our religion, Respondents continued to prohibit us from accessing the State Capitol on equal terms to other faiths and beliefs during the 2025 holiday season.

4. What was the date (month/day/year) of the MOST RECENT discriminatory incident?

(REQUIRED): 11/24/2025

5. If Employment is the Area, what is your hire date or application date? _____

6. Are you still employed by the organization that discriminated against you?

If no, when did your employment end? _____ (month, day, year)

How did your employment end?

☐ Terminated

☐ Voluntary Quit

☐ Forced to Quit/Retire

-----SECTION 4 • BRIEF SUMMARY OF ALLEGATIONS-----

Please describe what happened to you. State how you were discriminated against. What happened? When did it happen? Be sure to address each Action you checked on page one and each Basis you addressed on page two. *[Please read the instruction sheet before writing your brief summary.]*

The Iowa Department of Administrative Services (“IDAS”), through its Director, denied our 2025 application to hold a holiday display and event in the Iowa Capitol Building Rotunda—both (1) on the basis of our religion and/or their perception of our religion and (2) in retaliation for our prior reports of discrimination. I, Mortimer Adramelech, on my own behalf and as a minister of the Iowa congregation of The Satanic Temple, Inc. (“TST”) bring this action due to the discrimination we and our impacted Iowa congregation have experienced. TST has been the victim of highly publicized and well documented discrimination on the basis of our religious beliefs.

On September 29, 2025, we properly submitted a Capitol Building Application to hold an event in the 1st Floor Rotunda—East entitled TST Iowa Holiday Display Day (the “Event”) on December 13, 2025. (Exhibit A). In our application, the Event was described as follows: “TST Iowa’s holiday display will include an itinerary for the day with ritual, Krampus costumes, caroling, and other family-friendly activities such as coloring pages, and make and take ornaments. Everything will be family-friendly, and our display will be always attended to by at least one member of our congregation.” (Exhibit A).

On October 29, 2025, Suzy Trotter, the Capitol Complex Events Coordinator for IDAS, informed us that the Event was added to the Capitol Complex Events Calendar and requested us to complete and submit a Memorandum of Understanding (“MOU”) “with a sketch and / or details of the event.” (Exhibit B). We did so and submitted the requested MOU and information on November 4, 2025. (Exhibit C). On November 6, 2025, she requested additional information about the event. (Exhibit D). On November 11, 2025, I provided the requested information. (Exhibit E). On November 24, 2025, I received an email from Suzy Trotter stating “this request is not approved. If you have any questions contact Director Campbell at mark.campbell@iowa.gov.” (Exhibit F). They provided no further information on the basis for denial. We believe this discrimination on the basis of our actual and perceived religion, and retaliation, violated our rights under the Iowa Civil Rights Act.

This comes on the heels of a denial of the denial of the TST application to hold a holiday display and event in the Iowa Capitol Building Rotunda in 2024—both (1) on the basis of our religion and/or their perception of our religion and (2) in retaliation for our prior reports of discrimination. I would like to incorporate all evidence from our previous cases CP# 07-25-84063 & 07-25-84064. (Ex. G).

On June 10, 2025, we filed a civil rights complaint against Adam Steen, IDAS, and IGOV for the discriminatory denial of our 2024 event application. We incorporate here the allegations from those complaints. (CP# 07-25-84063 & 07-25-84064). On November 24, 2025 the OCR provided its Tier 1 Investigative Report, recommending further investigation in the cases. (Ex. G).

In 2024, TST Iowa submitted its application on October 7, 2024 — months in advance. We completed all requested forms and provided supplementary information and materials on October 21, 2024. With no response, we followed up to check on the status of our application on November 4, 2024 and again on November 12, 2024. It was not until December 3, 2024, mere weeks prior to the planned Event-date, that IDAS requested still more information about the Event, which we provided immediately, and then not until December 10, 2024 — days prior to the planned event, that IDAS issued its summary denial. All our attempts to resolve the purported concerns were ignored.

This timeline indicates that Respondents never intended to consider our application seriously or fairly, but instead always intended to deny it. The timeline also indicates that Respondents intentionally delayed in communicating their decision to us, in contrast to a more typical timeline to process other event applications for individuals and groups associated with, or perceived to be associated with, non-Satanic religions. They did so because it left us scrambling to try and appease their concerns by modifying the Event at the last minute and excused them the embarrassment of drawn-out publicity concerning their unwarranted cancellation and their ongoing refusal to engage with us on the Event. By delaying, they were able to ignore us and refuse to entertain our offers to, for example, omit the costume contest and reschedule. In part through this delay, Respondents were able to prevent the Event entirely and deprive us of equal access to the Capitol during the 2024 and 2025 holiday seasons.

I certify under penalty of perjury and pursuant to the laws of the State of Iowa and the laws of the United States of America that the preceding charge is true and correct.

☒ Yes No

If yes, what did you report or complain about, and to whom?

First, in 2023, we were the victim of criminal vandalism on the basis of our religion and/or perception of our religion in that an individual destroyed a symbol of our religious faith in the Iowa State Capitol Building. We complained of this incident immediately, which was extensively covered in the media and discussed in more detail below.

Second, on July 12, 2024, we applied to hold a multi-day Reading Marathon of *Paradise Lost*, to be held from September 16 through September 19, 2024. On July 26, IDAS changed its events policy to preclude (a) multi-day events, and (b) limit particular groups to one-event-per-year. Several other groups, both religious and secular, have been provided exceptions to these restrictions. The restrictions were intended and designed to prevent us from holding our multi-day event, or a discretionary exception was unlawfully withheld from us because of our religion. Further, these restrictions were intended to and designed to prevent us from holding our holiday event later in the year. We complained immediately to IDAS.

Finally, we complained of the most recent incident of discrimination on the basis of our religion and/or perception of our religion, that being the denial of our application for a 2024 holiday display described below, directly to Director Steen at IDAS.

State what happened to you as a result of your report or complaint.

Our complaints relating to the destruction of our 2023 holiday display were a basis for the denial of our 2024 application, along with Respondents' prejudiced views about our religion. Specifically, due to our complaints, Respondents conspired to prohibit us from accessing the State Capitol on equal terms to other faiths and secular groups, and during the 2024 holiday season.

Regarding IDAS's change in policy to infringe upon our equal access to the State Capitol Building by prohibiting multi-day events and multiple events by particular groups per year, IDAS did not revert its policy in response to our complaint. Accordingly, and in reliance on this new policy, we cancelled our Reading Marathon event—which IDAS had proposed to approve only for a single day of the requested four—so that we would be able to hold our holiday event later in the year. We have since learned this policy, in addition to being targeted towards us, has not been applied evenly. For example, the Diocese of Des Moines is permitted to hold “pray the rosary” events at the Capitol Building monthly, on every third Sunday, despite the policy limiting each group to one event per year. An archived version of its events calendar is available here: <https://tinyurl.com/yjew88kc>. And a Protestant group prays in the rotunda every Tuesday at noon. The World Food Prize event and an insurance-related group have also been allowed multi-day events or multiple events within one year. We believe other groups are being allowed multi-day or multiple events per year without restriction by IDAS or its one-day-per event, one-event-per-year policy.

Finally, following our complaint of the denial of our 2024 application, despite our attempts to resolve the stated basis for the denial and despite time remaining to accommodate our request to hold an event, Respondents did not provide us any timely response. Having knowledge that their denial of our initial application was baseless and blatant discrimination on the basis of our religion and/or their perception of our religion, Respondents continued to prohibit us from accessing the State Capitol on equal terms to other faiths and beliefs during the 2024 holiday season.

-----SECTION 4 • BRIEF SUMMARY OF ALLEGATIONS-----

Please describe what happened to you. State how you were discriminated against. What happened? When did it happen? Be sure to address each Action you checked on page one and each Basis you addressed on page two. (REQUIRED)

In coordination with the Office of the Governor of the State of Iowa (“IGOV”), the Iowa Department of Administrative Services (“IDAS”), through its Director, Adam Steen, denied our application to hold a holiday display and event in the Iowa Capitol Building Rotunda—both (1) on the basis of our religion and/or their perception of our religion and (2) in retaliation for our prior reports of discrimination. I, Mortimer Adramelech, on my own behalf and as a minister of the Iowa congregation of The Satanic Temple, Inc. (“TST”) bring this action due to the discrimination we and our impacted Iowa congregation have experienced.

One year prior to the most recent discriminatory incident, TST’s Iowa branch was the victim of a well-publicized incident of discriminatory vandalism. In short, our 2023 holiday display at the Iowa State Capitol was destroyed by an individual who unabashedly admitted he did so because of our religion, referring to his actions as “Christian civil disobedience.” This man did so after presidential candidate Ron DeSantis, members of the Iowa legislature, and the Iowa Governor publicly criticized the display. Their statements, reported in the media,¹ demonstrate the anti-Satanic Temple motivation or state of mind of the Respondents. TST and its members were vocal in condemning this incident of discrimination, which drew national attention.

Nevertheless, we refused to be forced into silence or hide our religious convictions because of this incident. We began preparing for the 2024 holiday season and a new event at the State Capitol to celebrate and promote our beliefs on the same terms that other religious organizations in Iowa do every year.

In the meantime, IDAS had already begun taking action to limit our access to the State Capitol. For example, on July 12, 2024, we submitted an application to hold a four-day reading marathon event of *Paradise Lost* by John Milton, a core Satanic religious text. (Exhibit A, pp. 1-2); (Exhibit B, p. 1). While IDAS initially, and preliminarily, added the event to the Capitol Building calendar, on July 26, 2024,

IDAS changed its events policy in two key respects, effective immediately: first, multi-day events were now prohibited, and second, organizations are permitted only one event per calendar year. On July 29, 2024, we received a Memorandum of Understanding for the *Paradise Lost* event, which reflected the new policy and would have approved only the first day of the applied-for four. (Exhibit C, p. 1, § 2). We did not agree to this Memorandum of Understanding, and requested clarification on the impact of the policy change. (Exhibit D, p. 1). We noted that another religious group had already in the 2024 calendar year held a multi-day reading event of a religious text (the “99 County Bible Reading Marathon”), and we asked whether we were being asked to choose between our Reading Marathon and having a holiday display in 2024. (*Id.*). IDAS refused to permit our multi-day event despite having done so for a Christian organization and it confirmed that if we held the (now one-day) event we would be prohibited from an event or display during the holiday season. (*Id.*). We spoke out publicly against this policy change. (Exhibit E, pp. 1-2). Due to the policy that had minimized the event we intended and would have prohibited us from further access to the Capitol Building, we decided to withdraw the application in favor of holding a holiday event.

As noted above, we have since learned this policy has not been enforced evenly and, in particular, has been disregarded to allow Christian religious groups regular access to the Capitol Building multiple times per year.

On October 7, 2024, we properly submitted a Capitol Building Application to hold an event in the 1st Floor Rotunda–East entitled TST Iowa Holiday Display Day (the “Event”) on December 14, 2024. In our application, the Event was described as follows:

TST Iowa’s holiday display will include an itinerary for the day with ritual, Krampus costumes, caroling, and other family-friendly activities such as coloring pages, and make and take ornaments. *Everything will be family-friendly*, and our display will be always attended to by at least one member of our congregation.

(Exhibit F, p. 1). Other non-Satanic, religiously affiliated applications for access to the Capitol Building Rotunda that day included “Christmas Carols by Red Oak Mennonite Youth Group,” “Christmas Chorale” by Jeff Pierick, “Christmas with Iowa Liberty Network,” and “The Molech Monastery Winter Worship.” (Exhibit G, p. 4).

The same day we submitted our application, Suzy Trotter, the Capitol Complex Events Coordinator for IDAS, informed us the Event was added to the Capitol Complex Events Calendar and requested us to complete and submit a Memorandum of Understanding (“MOU”) “with a sketch and / or details of the event.” (Exhibit F, p. 1). We did so and submitted the requested MOU and information on October 21, 2024. (Exhibit F, p. 2); Exhibit H]

On November 4, 2024, not having received a countersigned MOU, we sent an email follow up to Ms. Trotter to inquire as to status and ask a question about chairs for the event. Two days later, Ms. Trotter responded that “the MOU is with leadership.” (Exhibit F, p. 2). We asked for clarification as to whether this meant the agreement had not been signed by IDAS, and were told to expect a response a week later. (Exhibit F, p. 3).

A week passed with no response. On November 13, 2024, we again contacted Ms. Trotter and inquired as to status. (Exhibit F, p. 4).

By this time, those reviewing the application included not only IDAS and its Director, Adam Steen, but also officials at IGOV, who had together already begun coordinating to deny TST Iowa's application. (Exhibit I).

It was not until December 3, 2024, nearly two months after we had submitted our application, that IDAS responded and requested additional information about the event. (Exhibit F, p. 4).

On December 6, 2024, we submitted the requested information, including a finalized song list (*I'll Be Your Mirror* by The Velvet Underground and Nico, *Waiting for the Night* by Depeche Mode, *Lucifer's the Light* by King Dude, and *Saturnalia* by Cauda Pavonis), images of the make-and-take ornaments, coloring pages, and anticipated costumes, further details of the costume contest, and a detailed description of the ritual to be performed (a procession to the display, carrying a veiled, flameless candle, an invocation celebrating the light and the night, the unveiling of the flameless candle, and the conclusion of the ritual). Representative images are included below and in full in the attachments.

(Exhibit F, pp. 5-6); (Exhibit J, p. 1); (Exhibit K, pp. 1-9).

On December 9, Jacob NicholSEN, Chief Operating Officer at IGOV, texted Director Steen and asked whether IDAS had received the additional information “from the group requesting the event on the 14th,” i.e., us. Upon learning that it had, IGOV had Director Steen come to IGOV’s offices “so we could look at the pictures or diagrams or whatever it is they sent and talk through it.” (Exhibit L, p. 1). The next day, Director Steen did so. (Id.). We do not know what exactly was said at this meeting, but we do know that shortly after it (the same morning), IGOV and IDAS began coordinating and drafting a “Legally Appropriate Statement” to share in response to anticipated media requests, called, “Satanic Temple denial statement.” (Exhibit M, pp. 1-10).

That night, Director Steen emailed TST Iowa and stated, “The request for space in the Capitol Rotunda is not approved,” citing the following section of the MOU:

5.15. Additional Limitation. Because the Capitol Complex is often a destination for children (persons under the age of eighteen) learning about their State government, visual displays, sounds, and other actions that are harmful to minors including, but not limited to, obscene materials (as defined in Iowa Code section 728.1(5)), and gratuitous violence or gore are not permitted at the Capitol Complex. “Obscene material” is any material depicting or describing the genitals, sex acts, masturbation, excretory functions or sadomasochistic abuse which the average person, taking the material as a whole and applying contemporary community standards with respect to what is suitable material for minors, would find appeals to the prurient interest and is patently offensive; and the material, taken as a whole, lacks serious literary, scientific, political or artistic value. “Gratuitous violence or gore” means any depiction of severe bodily injury or blood, organs, or other bodily fluids, which the average person, taking the material as a whole and applying contemporary community standards with respect to what is suitable material for minors, would find appeals to the prurient interest and is

patently offensive; and the material, taken as a whole, lacks serious literary, scientific, political or artistic value.

(Exhibit N, p. 1) Director Steen did not explain whether or what in the song list, make-and-take ornaments, coloring pages, costume contest, or ritual was determined to be “obscene material” or “gratuitous violence or gore.” We had endeavored at the outset to make clear that this was family friendly event and that there was no obscenity, gratuitous violence, or gore.

We asked Director Steen to explain how the application was evaluated, and whether there was an appeal process or option to modify the Event to resolve IDAS’s concerns. (Exhibit N, pp. 1-2). Director Steen did not respond and we were forced to follow up again. (Exhibit O, p. 1).

On December 11, 2024, Director Steen and IGOV met again for an in-person discussion. (Exhibit P, p. 1). Following this, Director Steen responded to TST Iowa as follows:

The event request is denied as submitted. The *cumulative circumstances* that occur within the State Capitol building, including the presence of minors, *coupled with the anticipation of costumes with sticks used as weapons on children*,^[2] positions the event to be harmful to minors contrary to MOU section 5.15. The evaluation and denial decision rests within my authority as the DAS Director per Administrative Rule 100.4(5).

This constitutes a final agency action.

(Exhibit O, p. 2 (emphases added)). The phrase, “cumulative circumstances,” intentionally obscures any specific rationale for IDAS’s decision. Moreover, and quite obviously, at no time had anybody at TST Iowa proposed to permit or encourage participants in the costume contest to use sticks “as weapons on children.”

We responded as much, stating that any sticks at the Event would be “a traditional costume component and for appearance only,” and were “never intended to be used on anyone.” Still, in an attempt to save the Event, we offered to omit the costume contest entirely and resubmit the application. (Exhibit O, p. 3)]. IDAS simply did not respond to this proposal—despite still another attempt by us, on December 12, to follow up. (*Id.*).

The scheduled day of the Event came and passed. At least one other religious event took place inside the State Capitol on that day.

Through counsel, we made a final attempt to resolve the issue and allow for the Event without litigation. (Exhibit Q, p. 1). TST’s counsel informed Director Steen and IDAS that their actions were in violation of our constitutional rights and requested that the Event be rescheduled to Saturday,

² This shocking assertion is one Director Steen appears to have determined based on his own research of unknown external sources on the central European legend of Krampus, who, in contrast to St. Nicholas (who “rewards nice children by leaving presents”), “beats those who are naughty with branches and sticks.” Britannica, *Krampus*, <https://www.britannica.com/topic/Krampus> (last updated Feb. 4, 2025). Yet, Krampus, which also represents duality, has newfound popularity “as a rejection of the consumerism surrounding the season,” and celebrates the historical supernatural elements to the solstice season, allowing us to “give some thought to the traditions of the past and what they mean to us today.” Peter Larson, *The Naughty List: Krampus, Other Dark Characters as Holiday Traditions*, University of Central Florida, Dec. 5, 2024, <https://tinyurl.com/3u73p5nz>.

December 21, or an appropriate alternative date. (*Id.*, pp. 2-3). There was no response, which itself is a continued denial notwithstanding our outstanding offer to omit the costume contest and thus resolve the stated basis for the denial.

Director Steen, IDAS, and IGOV's decision to deny the application was based on our religious beliefs and/or their perception of our religious beliefs. The Event as-planned was not, by any objective measure, "harmful to minors" under IDAS's own definition in section 5.15 of the MOU. IDAS used this provision—justifying it with the absurd, unfounded concern of hitting children with sticks and falling back on a "cumulative circumstances" catch-all—as a pretext for discrimination against our religion. The simple truth is the State of Iowa does not want to allow Satanists to enjoy the same access to the Iowa State Capitol as other "mainstream" religions, in particular Christianity, and in particular during the Christmas holiday season.

This is evidenced by the justification on which they relied, which was incorrect and which we fully clarified and disavowed. It is further evidenced by the Respondents' delays in processing the Event application and communicating with us. To summarize, TST Iowa submitted its application on October 7, months in advance. We completed all requested forms and provided supplementary information and materials on October 21. With no response, we followed up to check on the status of our application on November 4 and again on November 12. It was not until December 3, mere weeks prior to the planned Event-date, that IDAS requested still more information about the Event, which we provided immediately, and then not until December 10, days prior to the planned Event-date, that IDAS issued its summary denial. All our attempts to resolve the purported concerns were ignored. And all during this time, Respondents were working together—not to find a way to accommodate our request to access the State Capitol on equal terms—but to prepare media statements about the denial. This timeline indicates that Respondents never intended to consider our application seriously or fairly, but instead always intended to deny it.

The timeline also indicates that Respondents intentionally delayed in communicating their decision to us, in contrast to a more typical timeline to process other event applications for individuals and groups associated with, or perceived to be associated with, non-Satanic religions. They did so because it left us scrambling to try and appease their concerns by modifying the Event at the last minute and excused them the embarrassment of drawn-out publicity concerning their unwarranted cancellation and their ongoing refusal to engage with us on the Event. By delaying, they were able to ignore us and refuse to entertain our offers to, for example, omit the costume contest and reschedule. In part through this delay, Respondents were able to prevent the Event entirely and deprive us of equal access to the Capitol during the 2024 holiday season.

In addition to the discriminatory beliefs they hold about us, we believe Respondents would never have accepted an application in any form from us in retaliation for our just criticism of their actions last year. In the 2023 holiday season, they failed to defend our constitutional rights and respond forcefully against calls for the removal of our religious display; to the contrary, they instead shared their personal views opposing our religion. This failure then emboldened an individual to destroy our symbol of faith. They did not stop this from happening and they did not speak out against it after it occurred. We objected, and in response, they determined they would not allow us to access the State Capitol on equal terms again.

We believe this discrimination on the basis of our actual and perceived religion, and retaliation, violated our rights under the Iowa Civil Rights Act.

I certify under penalty of perjury and pursuant to the laws of the State of Iowa and the laws of the United States of America that the preceding charge is true and correct.

**The Satanic Temple Iowa's
"Paradise Lost" Reading Marathon**

FOR IMMEDIATE RELEASE

The Satanic Temple of Iowa is excited to share a core Satanic religious text with fellow Iowans!

Join us in the rotunda of the Iowa State Capitol building starting September 16th, 2024 as we read John Milton's "Paradise Lost" (1667) from start to finish.

We would like to thank the Iowa 99 County Bible Reading Marathon as well as our governor Kim Reynolds, and former governor Terry Brandstadt, who have signed annual proclamations encouraging Iowans to read the Bible from start to finish at our state capitol building and all 99 county courthouses in the great state of Iowa.

Paradise Lost is an epic poem that has been pivotal in imbuing the figure of Satan with enlightenment-era values in Romantic literature, the religion of Satanism, and popular culture.

We are hopeful that this event will encourage Iowans to engage in respectful dialog about religious liberty, plurality, and the importance of diverse perspectives.

The answers to your questions are below.

Q: When was this change added to the memorandum of understanding?

A: The Memorandum of Understanding was revised and published on July 26, 2024.

Q: In January 2024, the 99 County Bible Reading Marathon took place over multiple days. Since that event took place this year, doesn't that set a precedent to allow our event to continue over multiple dates, as we originally requested?

A: No.

Q: How will this change impact plans for holiday displays this coming December? If events are restricted to a single day, would all holiday displays only be allowed to stand for a day?

A: Displays are considered an event.

Q: Are we being asked to choose between the Paradise Lost reading marathon or having a holiday display for 2024? Will there still be holiday displays at the capitol?

A: Event Requestor, including any affiliate, conduit, designee, partner, or subunit, may not hold more than one event per calendar year.

Q: How does the Capitol building complex define a year? Is a year defined as January 1st through December 31st, or are there other metrics factored in?

A: A calendar year begins on January 1 and ends on December 31.

The Satanic Temple Iowa's Statement on:

Policy Changes at the Iowa State Capitol Building Complex

FOR IMMEDIATE RELEASE

The Satanic Temple of Iowa is disappointed to learn that the Iowa state government would rather deny homeless veterans access to support than allow us to read a poem at the Iowa State Capitol Building.

The Satanic Temple of Iowa originally had plans to hold a multi-day event at the Iowa State Capitol building starting September 16th, 2024 to engage in a reading marathon of John Milton's epic poem "Paradise Lost" (1667), a historic text of significant importance to the development of Satanism as a religion.

Two weeks after our application to hold a reading marathon event at our beautiful state capitol was submitted, the Capitol Building Complex changed their policies on events. As of July 26th of this year, multi-day events are banned at the Iowa State Capitol, and all organizations are only allowed to hold one event per calendar year.

According to local newsource KCCI, "Organizers of an annual, three-day resource fair aiming to assist people, especially veterans, experiencing homelessness in the Des Moines area may cancel the event after a state policy change denied the group venue access."

Source: <https://tinyurl.com/gov-reynolds-harms-veterans>

The Satanic Temple of Iowa would like to express our support to Iowa's unhoused population who have been unfairly targeted by this policy change, which we believe occurred due to the Iowa state government's unwillingness to respect diverse perspectives and religious freedom.

If you have been looking forward to our "Paradise Lost" Reading Marathon, there is no need to worry—our event is still happening, and we will be announcing a change in venue soon. We are excited to share a core religious text of Satanism with our fellow Iowans, and are happy to continue to encourage our local community to engage in respectful dialog about religious liberty, plurality, and the importance of diverse perspectives.

We are still hopeful that Governor Kim Reynolds will sign the proclamation that we have submitted in support of this event. Iowa State Governor Kim Reynolds annually signs proclamations encouraging all Iowans to read the Bible from start to finish at each of the 99 county courthouses in our state and at our state capitol building—a task that was completed at the rotunda of the Iowa State Capitol building complex in January of this year.

Jordanne, we received your documents and the MOU is with leadership.

Tables and chairs - we do have a ~20 plastic folding tables of various sizes and ~150 padded metal folding chairs on rolling storage racks near the Grand Staircase. Groups set up what they need according to the agreement and return what was used at the conclusion of their event - everyone is self sufficient. However, if you would like, groups are welcome to bring in their own tables or work with vendors of their choice to provide tables and chairs / set up services as long as the services are during the time of the agreement and not disruptive to another group hosting an event.

Thank you, Suzy - we aim to submit the requested info by the end of the week.

I do have some questions about an unrelated event scheduled for the same day. (Please see the attached image)

1 - It advertises that it will take place inside the Iowa State Capitol on Dec 14th. Was an application submitted for the patriotic catholics event?

2 - Re: the second item in the image, specifically "Regularly scheduled rosary every 3rd Sunday of the month". Is this out of compliance with the restriction to one event per calendar year for each organization?

Best regards,

12.10.2024 Satanic Temple denial statement DRAFT

Legally Appropriate Statement:

Our state government is always going to be concerned about the wellbeing of children. The Iowa State Capitol Complex is a place that is open to the public, where children and families routinely visit. Because of this, the State's event policy takes into consideration conduct that would be harmful to minors. This satanic event, which specifically targets children, is harmful to minors and so it was denied.

Good Evening,

Thank you for your patience and your responses to questions regarding your event request for December 14th in the Capitol Rotunda.

The request for space in the Capitol Rotunda is not approved per [Administrative Rule 100.4\(5\)](#) & pursuant Department of Administrative Services [Memorandum of Understanding](#), specifically section 5.15, as listed below:

5.15. Additional Limitation. Because the Capitol Complex is often a destination for children (persons under the age of eighteen) learning about their State government, visual displays, sounds, and other actions that are harmful to minors including, but not limited to, obscene materials (as defined in Iowa Code section 728.1(5)), and gratuitous violence or gore are not permitted at the Capitol Complex. "Obscene material" is any material depicting or describing the genitals, sex acts, masturbation, excretory functions or sadomasochistic abuse which the average person, taking the material as a whole and applying contemporary community standards with respect to what is suitable material for minors, would find appeals to the prurient interest and is patently offensive; and the material, taken as a whole, lacks serious literary, scientific, political or artistic value. "Gratuitous violence or gore" means any depiction of severe bodily injury or blood, organs, or other bodily fluids, which the average person, taking the material as a whole and applying contemporary community standards with respect to what is suitable material for minors, would find appeals to the prurient interest and is patently offensive; and the material, taken as a whole, lacks serious literary, scientific, political or artistic value.

Good evening, Adam -

Thank you for taking the time to review our event application. I do have some questions:

- 1 - Could you tell us which specific items were not in compliance?
- 2 - How was the application evaluated? Was it by an individual or a committee?
- 3 - Is there an appeals process or the option to resubmit with changes?

I'm optimistic we can come to an understanding. Looking forward to your feedback.

Best regards,
Jordanne

Good afternoon, Adam -

I'm reaching back out regarding my questions, and the feedback I requested as this is time-sensitive.

I'd be happy to work with the Capitol Events office and Iowa DAS to review the specific items that were considered in the denial decision, and make changes where applicable.

I have worked with the Capitol Events office in the past to successfully hold an event in compliance with policy, and confident we can do so again.

Please let me know if you would prefer to schedule a call.

Best regards,

Jordanne

- 1 - Could you tell us which specific items were not in compliance?
- 2 - How was the application evaluated? Was it by an individual or a committee?
- 3 - Is there an appeals process or the option to resubmit with changes?

Good Evening,

Thank you for your patience and your responses to questions regarding your event request for December 14th in the Capitol Rotunda.

The request for space in the Capitol Rotunda is not approved per [Administrative Rule 100.4\(5\)](#) & pursuant Department of Administrative Services [Memorandum of Understanding](#), specifically section 5.15, as listed below:

5.15. *Additional Limitation.* Because the Capitol Complex is often a destination for children (persons under the age of eighteen) learning about their State government, visual displays, sounds, and other actions that are harmful to minors including, but not limited to, obscene materials (as defined in Iowa Code section 728.1(5)), and gratuitous violence or gore are not permitted at the Capitol Complex. "Obscene material" is any material depicting or describing the genitals, sex acts, masturbation, excretory functions or sadomasochistic abuse which the average person, taking the material as a whole and applying contemporary community standards with respect to what is suitable material for minors, would find appeals to the prurient interest and is patently offensive; and the material, taken as a whole, lacks serious literary, scientific, political or artistic value. Good afternoon Jordanne,

The event request is denied as submitted. The cumulative circumstances that occur within the State Capitol building, including the presence of minors, coupled with the anticipation of costumes with sticks used as weapons on children, positions the event to be harmful to minors contrary to MOU section 5.15. The evaluation and denial decision rests within my authority as the DAS Director per Administrative Rule 100.4(5).

This constitutes a final agency action.

Thank you,

Adam

Thank you for your response, Adam.

Regarding MOU section 5.15, our event does not depict or describe genitals, sex acts, masturbation, excretory functions, or sadomasochistic abuse.

The sticks are a traditional costume component and for appearance only. They were never intended to be used on anyone, and we never stated that they would be.

If that was the only item in question, then the costume contest can be omitted from the itinerary. I respectfully request that we be allowed to resubmit our application as such.

Best regards,

Jordanne

Good evening, Adam -

I'm writing to follow-up on our proposal to proceed with the event without the Krampus costume contest, since that was the specific item you pointed out.

I would also like to reiterate that none of the items in MOU 5.15 are included in our event. We fully intend for it to be family-friendly, and planned accordingly.

I believe this to be the most mutually beneficial and mutually respectful way forward, and look forward to our future collaboration.

Re: *The Satanic Temple, Inc. v. Steen* – demand letter, preservation notice

Dear Mr. Steen:

I serve as general counsel for The Satanic Temple, an international religious movement with a congregation in Iowa. This letter arises from a potential legal dispute in which you prohibited my client's holiday event from equal access to State facilities on equal terms as other religious events.¹ I am hopeful that this letter will persuade you to reconsider your decision and reschedule the event for this upcoming Saturday, or otherwise work with me to facilitate my client's free expression and avoid potential litigation.

The event in question had the following itinerary:

8:00 am – Setup

9:00am - 10:00am – Satanic Holiday Carols (*I'll Be Your Mirror* by The Velvet Underground & Nico; *Waiting for the Night* by Depeche Mode, and *Lucifer's the Light of the World* by King Dude)

10:00am - 12:00pm – Make & Take Ornaments, and Social Time (Ornaments to be constructed from clear plastic globes and items that can be placed in or on them).

12:00pm - 1:00pm – All Ages Krampus Costume Contest (1st, 2nd, 3rd Place prizes - The winners will be determined by audience votes).

1:30pm - 2:30pm – Ritual (Ritual participants will form a procession to the display. One will carry a veiled infinity candle, *i.e.*, a flameless LED candle. The ritual leader will give an invocation celebrating both the light and the night. The infinity candle is unveiled. The ritual is concluded).

3:00/3:30pm - 4:00pm – Teardown and Cleanup

By email dated December 3 (one week before denial), your office requested specification of:

¹ At least one other religious event took place inside the Iowa State Capitol on December 14, 2024.

what particular songs would be sung during the Satanic Holiday Carols segment, images of the ornaments to be created, images of the coloring pages to be colored, images of anticipated costumes, details about the costume contest, and a detailed description of the ritual. This inspection means your determination was “content-based,” which is subject to the strictest judicial scrutiny. *See Reed v. Town of Gilbert, Ariz.*, 576 U.S. 155, 163 (2015) (“Content-based laws—those that target speech based on its communicative content—are presumptively unconstitutional and may be justified only if the government proves that they are narrowly tailored to serve compelling state interests.”)

Additionally, your denial plainly provides that your determination was content-based. Your email dated December 11 states that the denial was grounded in, “the presence of minors, coupled with the anticipation of costumes with sticks used as weapons on children” which prompted you to believe that the event would be “harmful to minors.” There are two problems with your decision.

First, the costume event would not have entailed hitting children. The photograph you referenced is copied below:

No part of any application material suggested that children would be hit. Nor does the photograph you referenced depict children being hit. You simply concocted a false narrative about the contents of my client’s speech and then used your lie as a basis to deny the application. Moreover, my client corrected your misunderstanding by informing you that “The sticks are a traditional costume component and *for appearance only*,” expounding that “They were never intended to be used on anyone, and *we never stated that they would be*.”

(emphasis added). Yet your determination remained unchanged. And your determination remained unchanged, even after my client struck the costume contest as part of the event. Because the denial was based on your own false narrative, a narrative which you refused to depart from even after confronted with contrary evidence, it is my opinion that your stated basis is a transparent pretext to conceal viewpoint discrimination. See *Cuffley v. Mickes*, 208 F.3d 702, 711 (8th Cir. 2000) (“obviously unreasonable and pretextual” grounds to deny an application as viewpoint discrimination).

Second, the “harmful to minors” doctrine only prohibits sexually explicit material and does not allow the State to prohibit dissemination of violent material. No part of the event was sexual, and even if the denial was based on the impliedly violent nature of a Krampus holding a stick that would still violate the First Amendment. *Brown v. Ent. Merchants Ass’n*, 564 U.S. 786, 793 (2011) (“violence is not part of the obscenity that the Constitution permits to be regulated.”)

Based on the foregoing, it is my opinion that your decision to prohibit my client’s event was a direct violation of my client’s well-established First Amendment rights. Although litigation is immediately permissible, it is my strong preference to avoid court action. You can help facilitate that end by either approving the event to take place this Saturday, December 21 or by reaching out to me to figure out an appropriate alternative time for the holiday event.

The foregoing is based on my present understanding of the facts. Should it become necessary in future proceedings, my client reserves the right to assert additional or different facts or law as may become relevant. Nothing in this letter waives any claim for relief which may arise at law or in equity.

Please preserve all documents and communications pertaining to this issue as litigation appears to be on the horizon.

Sincerely,

s/Matt Kezhaya

Former Iowa administrator Adam Steen announces GOP campaign for governor

BY: ROBIN OPSAHL - AUGUST 19, 2025 8:56 PM

Republican Adam Steen, former director of the Iowa Department of Administrative Services, announced his campaign for governor Tuesday, labeling himself as a “faith guy” in the race to succeed Gov. Kim Reynolds.

Steen held a campaign kickoff event Tuesday at Berean Church in Pleasant Hill, starting with a musical performance from Nathan Thomas and the A17 worship band and an introduction from Pastor Gary Pilcher. As he introduced himself, Steen said there had been some speculation online about what type of candidate he would be.

“Let me tell you, from my own lips, who I am: I am the faith guy,” Steen said. “I’m a Jesus guy. I’m a Make America Great Again guy. I’m a common-sense policy, America first, people first guy.”

In addition to being a credentialed minister, Steen said some of his highest profile commitments to faith were as DAS director. The department had canceled a Satanic Temple of Iowa holiday celebration event at the Iowa Capitol in [December 2024](#), with Steen saying the event was denied because it included “elements that are harmful to minors.”

Steen said at the campaign event he was “the guy that stood in front of the Satanists when they blatantly targeted our children, and I’m the guy getting sued by the Satanists for protecting our children.”

He also said there was another event request at the Capitol he denied, for an all-ages, family-friendly drag show. He said this planned event was not as well known, but that he believed it was the right thing to do despite being at risk of getting sued.

Steen, appointed in 2021 to serve as DAS director in Reynolds’ administration, said he led some of the major policies changing state government, like the government agency restructuring [signed into law in 2023](#). Speaking with reporters, Steen said he had discussed running for the seat with Reynolds and came to a “mutual agreement” that he would resign from his position if he ran for the office.

“Today, at 10 a.m., I walked into the governor’s office and I submitted my resignation,” Steen told the crowd. “Today I walked away from a job that I loved. I walked away from a job that I loved, so I could join the fight and defend the state that I love.”

Before leading DAS, Steen [was the director of business development](#) at Syverson Strege, a financial services firm, and had previously owned a management consulting firm called 25 Connections. He also was a minor league baseball relief pitcher in 2002, playing for the Philadelphia Phillies and Batavia Muckdogs.

Steen highlighted his commitment to protecting private property rights, but did not go into detail on his views about the use of eminent domain for carbon capture pipeline projects — the subject of a contentious bill that was [vetoed by Reynolds this session](#).

“I was working with her at this time, and I support everything that Governor Reynolds is doing,” Steen said. When asked about his views on the use of eminent domain in these projects, he said “I’m a pro-property rights, pro-private ownership person.”

Steen is the latest Republican to join the field of GOP candidates seeking to take the mantle from Reynolds [after she announced she would not run](#) for reelection in 2026. [U.S. Rep. Randy Feenstra](#) and [state Sen. Mike Boussetor, R-Ankeny](#), currently have “exploratory” committees for governor, while [Rep. [Iowa Auditor Rob Sand](#) is considered the current frontrunner to become the Democratic gubernatorial candidate. [Former political operative Julie Stauch](#) and [Democrat Paul Dahl](#) are also running to become the party nominee.

Adam Steen wants to be Iowa’s next Republican governor, and he made a stop in Fort Madison to make his case late last week.

Steen made a campaign stop at the Sub Arena Sandwich Shop in Fort Madison on Friday night.

Over a dozen people were in attendance, and Steen took the opportunity to talk about his background and where he stands on some of the more prominent issues impacting Iowans today, and later took the time to answer questions and speak one-on-one with some attendees.

But Steen also used the opportunity to make his case as to why he thinks he is uniquely suited to be the next leader of the State of Iowa.

“I know all the (state) departments, I know all the players, I know where all the efficiencies can be gained, where more efficiencies can be gained,” Steen told the crowd.

“So on Day One, I can operate this state. I’m custom fit to assume that role right out of the gate.”

Steen grew up in Indianola, earned a college baseball scholarship, was drafted by the Philadelphia Phillies, and played a few years in the minor leagues as a relief pitcher before his baseball career came to an end.

Steen eventually launched a turkey decoy company, called The Turkey Fan, with a friend, and later owned the management consulting firm 25 Connections and served as director of business development for the financial service firm Syverson Strege.

But in 2021, Steen was appointed by Governor Kim Reynolds as director of Iowa's Department of Administrative Services (or DAS; which is generally responsible for the state's human resources, general services, central procurement, and state accounting duties) a position Steen held until resigning in August to begin his campaign to replace Reynolds after her term ends in January 2027.

After speaking about his life and background, family, and Christian faith, Steen gave attendees some insight into some of his accomplishments and controversial moves he made while serving in the DAS.

"It's a very challenging job," Steen said. "There are 350 people in my department, and we oversee 20,000 employees organizationally.

"So, the problems of the (State of Iowa), the worst ones all flowed up to my desk. And every morning at about 8 a.m., people would come in (my office), the files would come in, and we had to solve problems on a regular basis to make sure that your tax dollars were stewarded wisely."

Among some of the more controversial decisions Steen made while running the DAS, in December 2024, Steen ordered the cancellation of a holiday celebration by the Satanic Temple of Iowa at the State Capitol, as well as the cancellation of an all-ages, family-friendly drag show that was also supposed to take place.

"I was the guy at the Capitol when the Baphomet Satanic statue was in there," Steen said.

"I had several conversations with several people that led us to, ultimately, not fight the 'free speech' aspect of (that display).

"But I'm also the guy that changed the policy to make sure that we weren't going to lose a 'free speech' argument, and I'm now being sued by the Satanists for that."

Steen later told Mississippi Valley Publishing that he believed the presence of the Satanic statue and the drag show could have been harmful for children to see, and that those determinations persuaded him to cancel both events.

Steen promised to be a champion for skilled trades across the state.

"There are jobs that are open all over the place," Steen said.

"We need to get vocational studies back into 7th and 8th grade and make those (jobs) cool again. Because these kids can get jobs right out of high school and on-the-job training (and could be) making \$55,000-\$65,000 a year.

"The 'American Dream' is achievable if we look at it from that lens. It's not achievable when we force kids into four-year universities and they leave with hundreds of thousands of dollars of student loan debt and then they end up getting their job replaced by (artificial intelligence programs)."

Steen also said he believes community colleges could be used to help provide more training and opportunities for those seeking careers in skilled trades and that a focus on skilled trades could help increase economic growth throughout the state.

Steen, also said he would champion the work of local churches.

"We need local churches to step up and do what local churches are supposed to do," Steen said.

"The government has infiltrated our communities. It's infiltrated our lives.

"The sole purpose of government is two things: it's to punish evil and condone good. It's not to raise our kids. It's not to help the homeless. It's not working with mental health (issues). The government has infiltrated every single area of our life, and we have to remove government and give the power back to the people.

"And that has to come from local churches. We got to get churches to rise up, speak Biblical truth, talk about challenges like real human beings, and not being afraid to say what needs to be said.

"We have sat back for too long and allowed the government to come in and take over for what it is that we are supposed to be doing as people."

Steen later clarified that he believes local churches should step up and work to take care of mental health and homelessness issues across the state by donating to non-profits with experts in those fields as opposed to government agencies Steen believes would be less successful in those missions.

When shifting to policy issues, Steen said having a governor willing and able to work with their legislature is crucial and that he has experience working with both Republicans and Democrats.

Steen said he opposes eminent domain laws and wants to help property owners protect their rights and ability to resist unwanted intrusion and use of their land by entities against their wishes.

Steen said he is also in favor of property tax reform.

“There are some bills that are being introduced this legislative session that we hope moves the needle on property tax reform,” Steen said.

“We need lower property taxes. We need different formulas in there. But I will say this, through and through, for the property tax issue: we need to elect good people onto school boards, in county supervisor seats, and in city council seats.

“Those three areas account for, if not 100% of your property taxes spent, darn near 100% of your property taxes spent. So if you don’t elect the right people in those down-ballot positions, we’re starting from behind.”

Steen also shared his views on education.

“I am very much a pro school choice advocate,” he said. “I believe parents need to be raising their kids; parents need to be working with their kids.

“And I also believe that teachers need to be allowed to teach. Not (teaching) some sort of curriculum coming in and forcing you into a box and forcing teachers not to use their gifts and talents to teach their students how they need to be taught.”

Steen later told Mississippi Valley Publishing that, while he is aware of concerns some in the state have about reforms to the state’s area education agencies (AEAs) and the state’s private school vouchers program, he believes the AEAs could have been spending less of their money on administrative costs and positions and that the free market will likely dissuade private schools from enacting excessive tuition hikes that could leave students with less money from the state to use towards a private school education.

Steen noted that his two sons attend public schools themselves, but said he believes the competition from private schools will lead to better public schools.

Speaking on the topic of water and soil quality, Steen said he has been speaking with a group of individuals he calls “trusted advisers that have a detailed perspective into what’s going on in our soils and what’s leaking into our water system right now.”

“And I’ll tell you right now: I’m not putting that on the backs of our farmers,” Steen said.

“There are toxins in our soils that aren’t from farmers. There’s toxins from a lot of different things. And we need to figure that out, get that solved, and move that forward.”

Steen noted that his father passed away three years ago from kidney cancer, that his illness was not believed to have been passed down from previous generations, and that his mother is a recent breast cancer survivor.

“There is something going on (with cancer rates in Iowa),” Steen said. “We need to solve it for the future of our children.”

Steen said one possible solution to the question of potentially cancerous farm runoff that he has been made aware would be the implementation of 60-80 foot buffer strips between farmland and water sources.

“(Those buffer strips) will filter out 90% of the chemicals that are going into that water,” Steen said.

“That’s oversimplifying a solution to the problem, but buffer strips is a potential solution to that problem right out of the gate. We just need to be having the right conversations to make sure that we’re getting some sort of better result.”

When asked about the state’s law banning abortions six weeks after conception, Steen said the law was the step in the right direction but that he would be in favor of further restrictions.

“I’m a life-at-conception-guy through and through,” Steen said. “The ‘Heartbeat Bill’ /six-week-ban was wonderful, but we’re not going far enough.

RECEIVED BY IOCR 05/19/2026

"I would be an advocate for pushing that forward so that we could protect life at conception with no exceptions."

Steen also said he was a supporter of President Donald Trump and his agenda on the federal level, and later told Mississippi Valley Publishing that he supports the Trump Administration's continued efforts to deport migrants living in this country without legal citizenship status.

Steen also told Mississippi Valley Publishing that, while he is in favor of medical marijuana in Iowa, he is not in favor of legal recreational marijuana and that he would support efforts to ban cannabis products that are currently being legally sold and consumed in Iowa, including Delta-8.

And when speaking about the legacy of Governor Reynolds as her time leading the state draws closer to its end, Steen said he plans to honor Reynolds' legacy while still carving out his own path if elected as Iowa's next governor.

"I was very open when I announced I was running for governor that I would honor the legacy of Kim Reynolds," Steen told Mississippi Valley Publishing.

"But I am my own person, I've got my own ideas, I've got things that I want to take that she has established and move it forward in a (bigger way).

"So, we'll honor her legacy through and through. I think she has been an unbelievable champion for many conservative issues and conservative values.

"And to honor that, to hold that, and to take that to the next level is my goal."

Before the Iowa Office of Civil Rights

Complainants, Mortimer Adramelech and The Satanic Temple, Inc. v. Respondent, Iowa Department of Administrative Services, Adam Steen, and the Office of the Governor of the State of Iowa	CP#s: #07-25-84063 <i>and</i> #07-25-84064 Notice of Supplemental Authority
--	--

Complainants (Mortimer Adramalech and The Satanic Temple of Iowa) submit the following and attached articles and video of Adam Steen as important additional evidence that speaks directly to the pretextual nature of the claim that their application was denied because the Respondents believed that the costume contest violated the Memorandum of Understanding.

Complainants reiterate that even without this additional evidence, the belief that the costume contest would involve violence to children itself was based on discriminatory stereotypes, which were completely unfounded and untrue. The record shows Complainants made it clear to the Respondents that the costume contest would involve or depict absolutely no harm to children in any way, and nevertheless even offered to remove the costume contest altogether to take the issue off the table. Yet, the Respondents still denied the Complainants' application.

A video recorded of a press conference held at the Iowa Capitol regarding Complainants is being provided. The following is a quotation excerpt from Adam Steen's comments:

"One of the most divisive issues in the state over the last couple years and the attempts of the so-called Satanic church has been denied again. No more marketing to children. No more trying to get them to create Satanic symbols, sing Satanic hymns, partake in Satanic rituals. No more having youth involved in costume contests and defending weapons, used to abuse youth."

This quote makes clear that Steen's objection was to Complainants' religion itself, as well as Complainants' expression and exercise of that religion through a family-friendly religious ceremony and gathering, involving ornament making, a ritual procession, craft activities, and costume contest. He characterized these religious expressions as "marketing to children", "trying to get them to create Satanic symbols, sing Satanic hymns, partake in Satanic rituals." His comments regarding the costume contest specifically state that his objection was not a fear of actual violence against children, but the mere involvement of children in their family's religious gathering through participation in the costume contest. Finally, Steen's comment that he objected to "defending weapons, used to abuse youth" is clearly referencing his objection to the inclusion of the Krampus figure itself, as a concept, and not any actual belief that the costume contest would involve abuse of children.

Steen's comments were reported by the following outlets:

Subject: New Complaint to file

To: Ubaldo, Ramona <ramona.ubaldo2@iowa.gov>

Good afternoon Ramona,

Could you please have the attached Complaint filed for me?

We have two connected complainants. One on behalf of Mortimer Adramelech and the other on behalf of The Satanic Temple of Iowa. In our previous case with these two complainants, I believe you just made a copy of the documents filed to open the second complainant's case. Would you be able to do that again, or should we file a second case separately? If you need anything else from me to open these cases, please let me know.

Thank you!

Public Accommodations- Background questionnaire
Complainant Questions- Case Number: 85818
THE SATANIC TEMPLE VS. IOWA DEPARTMENT OF ADMINISTRATIVE
SERVICES ET AL.

1) Describe the incident in question. Include as many details as possible regarding the date, location, and individuals involved.

The Iowa Department of Administrative Services (IDAS) continues to deny services and public accommodations to the Iowa congregation of The Satanic Temple (TST), both (1) on the basis of our religion and/or their perception of our religion and (2) in retaliation for our prior reports of discrimination. IDAS has failed to grant, respond to, or even acknowledge the 2026 event application by TST for a holiday display and event in the Capitol Building Rotunda. This denial of services is ongoing.

On March 7, 2026, we properly submitted a Capitol Building Application to hold an event in the 1st Floor Rotunda—East entitled TST Iowa Holiday Display Day (the “Event”) on December 12, 2026, to the Capitol Complex events office (capitol.complex.events@iowa.gov).

As of June 23, 2026, more than three months after we submitted our request, we have not received any response to our application. Other organizations filing applications around the same time as TST have had events approved on the Capitol Complex events calendar as far out as January and February 2027. Respondents’ ongoing disparate and worse treatment of TST is on the basis of TST’s religion and/or its perception of TST’s religion, and violates the Iowa Civil Rights Act.

As a matter of process, when IDAS receives an application, the events coordinator acknowledges receipt and adds the event on the calendar within one to two business days. This has been the case with all of the other applications filed we were able to review through a request for documents related to other organizations’ applications through Iowa’s Open Records Act, chapter 22 of the Iowa Code. No other applications went completely unanswered. In our case, IDAS has refused to even acknowledge receipt of our event application, let alone add the event to the calendar.

Respondents’ ongoing failure to respond is preventing TST from scheduling our event.

IDAS has also previously denied our applications based on religious discrimination. IDAS, through its previous Director, also denied our 2025 application to hold a holiday display and event in the Iowa Capitol Building Rotunda—both (1) on the basis of our religion and/or their perception of our religion and (2) in retaliation for our prior reports of discrimination. We incorporate all evidence from our previous cases CP# 85526 & CP# 85468. These previous denials are also described below.

On September 29, 2025, we properly submitted a Capitol Building Application to hold an event in the 1st Floor Rotunda—East entitled TST Iowa Holiday Display Day (the “Event”) on December 13, 2025. In our application, the Event was described as follows: TST Iowa’s holiday display will include an itinerary for the day with ritual, Krampus costumes, caroling, and other family-friendly activities such as coloring pages, and make and take ornaments. Our application stated that everything was family-friendly, and our display would always be attended to by at least one member of our congregation.

On October 29, 2025, Suzy Trotter, the Capitol Complex Events Coordinator for IDAS, informed us that the event had been added to the Capitol Complex Events Calendar and requested us to complete and submit a Memorandum of Understanding (“MOU”) “with a sketch and/or details of the event.” We submitted the requested MOU and information on November 4, 2025. On November 6, 2025, she requested additional information about the event. On November 11, 2025, I provided the requested information. On November 24, 2025, I received an email from Suzy Trotter stating “this request is not approved. If you have any questions contact Director Campbell at mark.campbell@iowa.gov.” They provided no further information on the basis for denial. We believe this discrimination, on the basis of our actual and perceived religion and retaliation, violated our rights under the Iowa Civil Rights Act.

IDAS also denied the TST application to hold a holiday display and event in the Iowa Capitol Building Rotunda in 2024—both (1) on the basis of our religion and/or their perception of our religion and (2) in retaliation for our prior reports of discrimination.

On June 10, 2025, we filed a civil rights complaint against Adam Steen, IDAS, and IGOV for the discriminatory denial of our 2024 event application. We incorporate here the allegations from those complaints. (CP# 07-25-84063 & 07-25-84064). On November 24, 2025, the OCR provided its Tier 1 Investigative Report, recommending further investigation in the cases.

In 2024, TST Iowa submitted its application on October 7, 2024, months in advance. We completed all requested forms and provided supplementary information and materials on October 21, 2024. With no response, we followed up to check on the status of our application on November 4, 2024, and again on November 12, 2024. It was not until December 3, 2024, mere weeks prior to the planned event date, that IDAS requested still more information about the Event, which we provided immediately, and then not until December 10, 2024, days prior to the planned Event-date, that IDAS issued its summary denial. All our attempts to resolve the purported concerns were ignored.

This timeline indicates that Respondents never intended to consider our application seriously or fairly, but instead always intended to deny it. The timeline also indicates that Respondents intentionally delayed in communicating their decision to us, in contrast to a more typical timeline to process other event applications for individuals and groups associated with, or perceived to be associated with, non-Satanic religions. They did so because it left us scrambling to try and appease their concerns by modifying the Event at the last minute, and excused them from the embarrassment of drawn-out publicity concerning their unwarranted cancellation and their ongoing refusal to engage with us on the Event. By delaying, they were able to ignore us and refuse to entertain our offers to, for example, omit the costume contest and reschedule. In part through this delay, Respondents were able to prevent the Event entirely and deprive us of equal access to the Capitol during the 2024 and 2025 holiday season.

In 2023, TST’s Iowa holiday display at the Iowa State Capitol was destroyed by an individual who admitted that he did so because of our religion, referring to his actions as “Christian civil disobedience.”

2) What service were you seeking, and where did you go to get the service?

On March 7, 2026, we properly submitted a Capitol Building Application with IDAS, the Capitol Complex events office (capitol.complex.events@iowa.gov), to hold an event in the 1st Floor Rotunda–East entitled TST Iowa Holiday Display Day (the “Event”) on December 12, 2026.

3) Who denied you the service?

Iowa DAS, through Suzy Trotter, the Capitol Complex Events Coordinator at the Iowa Department of Administrative Services—likely under the direction of Mark Campbell, Director of the Iowa Department of Administrative Services, has failed to acknowledge or respond to our application, which was submitted more than three months ago.

4) What is that person’s religion?

Based on publicly available information, Suzy Trotter is a member of Sacred Heart Catholic Church in Newton, Iowa where she holds an active and ongoing volunteer role spanning several years. Mark Campbell’s religion is unknown to me.

5) When were you notified that the service would not be provided to you?

IDAS has failed to provide its normal services or public accommodations to TST: it has still not even acknowledged or responded to our application. We cannot proceed with scheduling our event.

6) How were you notified?

IDAS has still not even acknowledged or responded to our application. We cannot proceed with scheduling our event.

7) What reasons were you given for the denial? Include all reasons.

As of June 23, 2026, IDAS has still not even acknowledged or responded to our application. We cannot proceed with scheduling our event. This ongoing denial of services and public accommodations to TST is consistent with its past denials and constitutes an ongoing denial. It is based on our religion and Respondents’ perception of our religion and in retaliation for our prior reports of religious discrimination as prohibited under the ICRA, as supported by Respondents’ statements.

8) Why do you believe you were denied services? Why do you think this is? Be specific.

I believe IDAS is refusing to respond to our application on the basis of our religion and/or their perception of our religion and in retaliation for our prior reports of religious discrimination in public accommodations, as well as due to public pressure from Adam Steen. We cannot proceed with scheduling our event.

9) Were you qualified for service? _X_ Yes ___ No If not, did the Respondents know this?

10) Why do you feel you were qualified for service?

Respondents allow various organizations (including religious ones) to hold events at the Iowa State Capitol building. Our organization is and was qualified for this service because we submitted our event application well in advance and we met every published requirement for reserving space in the Capitol Rotunda. The activities outlined in our itinerary (ritual, caroling, costume contest, arts and crafts) are and were explicitly designed to be family-friendly.

TST Iowa submitted its application on March 7, 2026, well in advance of the event date. Yet, unlike the services and public accommodations offered to every other applicant who does not share our religion, as of June 23, 2026, more than three months after we submitted our application, we have not even received any response to our application.

11) Has anyone else (no more qualified than you) received the service? Explain.

Yes. Other non-religiously affiliated and religiously affiliated groups were approved for similar events in the Capitol Rotunda. Religiously affiliated groups who received the services include: “Christmas Carols by Red Oak Mennonite Youth Group”, “Caroling by Madrid High School Choir Department”, “Governor’s Office Christmas Tree Lighting”, “Dia de los Muertos Tribute Ofrenda by Iowa Coalition Against Domestic Violence”, “Iowa Capitol National Day of Prayer by The FAMiLY Leader”, “Conquering our City through Prayer by Pastors and Ministers Alliance”, “Prayer Rally for Life by Iowa Coalition of Pro-Life Leaders”, “Gather at the Gate by Church Ambassador Network”, and “Iowa State Capitol Bible Reading Marathon by Iowa 99 County Bible Reading Marathon”.

These events, like ours, were open to the public, religious in nature, and accessible to minors, but none were denied on the basis of MOU section 5.15.

Additionally, many other groups have submitted applications around the same time or earlier than us and received responses within one to two business days. Organizations have had events placed on the calendar as far out as January and February 2027. We have not received a response, and our application was submitted over three months ago. As a matter of its normal process, when DAS receives an application, the events coordinator acknowledges receipt and places the event on the calendar within one to two business days. This has been the case with all of the applications we were able to review following our Chapter 22 open records request. We did not see any application that just went completely unanswered, other than ours. In our case, DAS has refused to even acknowledge receipt of our event application, let alone add it the event on the calendar.

12) What is that person’s religion?

The organizations and their religious affiliations are provided above.

If you have any other information that would help your case that was not adequately covered in the answers to the questions, please provide that information here or on a separate sheet of paper.

Public Accommodations- General Treatment
Complainant Questions- Case Number: 85818
THE SATANIC TEMPLE VS. IOWA DEPARTMENT OF ADMINISTRATIVE
SERVICES ET AL.

1) How were you treated differently because of your religion? Give specific details.

From the start, our event was treated with suspicion and unusual delay because it was organized by The Satanic Temple Iowa (“TST Iowa”). Satanism is a religion openly disfavored by Iowa’s Governor, state officials, and IDAS leadership. When we applied on March 7, 2026, our event was similar in scope and format to many other religious holiday events held at the Capitol. We planned to play music, encouraged seasonally appropriate costumes, perform a ritual (this, as explained to Respondents, was to be simply a procession, or walk, to our display using a flameless candle), and also offered arts and crafts activities for families.

As a matter of process, when DAS receives an application, the events coordinator acknowledges receipt and places the event on the calendar within one to two business days. This has been the case with all of the applications we were able to review. We did not see any application that went completely unanswered. In our case, DAS has refused to even acknowledge receipt of our event application, let alone place the event on the calendar more than three months after we submitted the application.

Because TST Iowa is a Satanic group, our application was processed very differently from similar applications; we were treated differently based on our religion.

2) How were you treated differently than persons who are different from you in religion?

Other religiously affiliated groups were approved for similar events in the Capitol Rotunda, including “Christmas Carols by Red Oak Mennonite Youth Group”, “Caroling by Madrid High School Choir Department”, “Governor’s Office Christmas Tree Lighting”, “Dia de los Muertos Tribute Ofrenda by Iowa Coalition Against Domestic Violence”, “Iowa Capitol National Day of Prayer by The FAMiLY Leader”, “Conquering our City through Prayer by Pastors and Ministers Alliance”, “Prayer Rally for Life by Iowa Coalition of Pro-Life Leaders”, “Gather at the Gate by Church Ambassador Network”, and “Iowa State Capitol Bible Reading Marathon by Iowa 99 County Bible Reading Marathon”.

These events, like ours, were open to the public, religious in nature, and accessible to minors, but none were denied on the basis of MOU section 5.15. We did not see any application that just went completely unanswered. In our case, DAS has refused to even acknowledge receipt of our event application, let alone place the event on the calendar.

3) Who treated you differently? List those persons who treated you differently by name, position, religion?

IDAS through Suzy Trotter, the Capitol Complex Events Coordinator at the Iowa Department of Administrative Services—likely under the direction of Mark Campbell, Director of the Iowa Department of Administrative Services.

4) Describe all of the ways that you were treated differently because of your religion. Include dates, times, locations and names and titles of all person involved.

In June 2024, we applied to hold a four-day reading marathon of *Paradise Lost* (a core religious text for The Satanic Temple). IDAS changed its event policy to prohibit multi-day events and limit each group to one event per year, the same day that our *Paradise Lost* event was added to the Capitol Events calendar. Also, our event request for the holiday display at the Capitol for December 14, 2024, was denied.

The Iowa State Capitol building allows various organizations (including religious ones) to hold events. Our organization was qualified for this service because we submitted our event application well in advance and signed a Memorandum of Understanding. We met every published requirement for reserving space in the Capitol Rotunda. Our application was submitted months in advance, and we were prompt in responding to each of IDAS's requests for additional information. The activities outlined in our itinerary (ritual, caroling, costume contest, arts and crafts) were explicitly designed to be family-friendly. The denial email from Suzy Trotter did not explain why our application was denied and seemed intentionally succinct.

TST Iowa submitted its application on September 29, 2025, well in advance of the event date. On October 29, 2025, Suzy Trotter, the Capitol Complex Events Coordinator for IDAS, informed us that the event had been added to the Capitol Complex Events Calendar and requested us to complete and submit a Memorandum of Understanding ("MOU") "with a sketch and/or details of the event." We submitted the requested MOU along with our planned event itinerary, and two photos of elements of our holiday display on November 5, 2025. On November 6, 2025, Suzy Trotter requested additional photos and details about our event, which we submitted on November 11. We received an out-of-office message from Suzy Trotter that same day informing us the State of Iowa offices are closed for Veterans Day and that they will return to the office on November 12, 2025. We did not hear from Suzy Trotter or IDAS again until the denial email on November 24, 2025.

On March 7, 2026, we properly submitted a Capitol Building Application to hold an event in the 1st Floor Rotunda-East entitled TST Iowa Holiday Display Day (the "Event") on December 12, 2026, to the Capitol Complex events office (capitol.complex.events@iowa.gov).

As of June 23, 2026, over three months later, we have not received any response to our application. Other organizations have had events approved on the calendar as far out as January and February 2027.

5) Why do you believe you were treated differently?

Our application was completely ignored on the basis of our religion and/or their perception of our religion, and in retaliation for our prior reports of religious discrimination in public accommodations. We have still not received any response to our application. We cannot proceed with scheduling our event.

6) Did you complain to anyone at the time about the way you were treated? If so, to whom did you complain and what was the response you received?

Because this functional denial of our application came AFTER our complaint and screening decision by the IOCR regarding the 2024 denial, our objections were already well known to the respondents.

If you have any other information that would help your case that was not adequately covered in the answers to the questions, please provide that information here or on a separate sheet of paper.

Provided to the IOCR in attachments hereto, to the Complaint, and in, and to, the incorporated Complaints and attachments related to this ongoing denial of public accommodations and services by Respondents beginning in 2024. (*See CP# 07-25-84063, CP# 07-25-84064, CP # 85526, and CP # 85468*).

Public Accommodations- Background questionnaire
Complainant Questions- Case Number: 85818
THE SATANIC TEMPLE VS. IOWA DEPARTMENT OF ADMINISTRATIVE
SERVICES ET AL.

1) Describe the incident in question. Include as many details as possible regarding the date, location, and individuals involved.

The Iowa Department of Administrative Services (IDAS) continues to deny services and public accommodations to the Iowa congregation of The Satanic Temple (TST), both (1) on the basis of our religion and/or their perception of our religion and (2) in retaliation for our prior reports of discrimination. IDAS has failed to grant, respond to, or even acknowledge the 2026 event application by TST for a holiday display and event in the Capitol Building Rotunda. This denial of services is ongoing.

On March 7, 2026, we properly submitted a Capitol Building Application to hold an event in the 1st Floor Rotunda—East entitled TST Iowa Holiday Display Day (the “Event”) on December 12, 2026, to the Capitol Complex events office (capitol.complex.events@iowa.gov).

As of June 23, 2026, more than three months after we submitted our request, we have not received any response to our application. Other organizations filing applications around the same time as TST have had events approved on the Capitol Complex events calendar as far out as January and February 2027. Respondents’ ongoing disparate and worse treatment of TST is on the basis of TST’s religion and/or its perception of TST’s religion, and violates the Iowa Civil Rights Act.

As a matter of process, when IDAS receives an application, the events coordinator acknowledges receipt and adds the event on the calendar within one to two business days. This has been the case with all of the other applications filed we were able to review through a request for documents related to other organizations’ applications through Iowa’s Open Records Act, chapter 22 of the Iowa Code. No other applications went completely unanswered. In our case, IDAS has refused to even acknowledge receipt of our event application, let alone add the event to the calendar.

Respondents’ ongoing failure to respond is preventing TST from scheduling our event.

IDAS has also previously denied our applications based on religious discrimination. IDAS, through its previous Director, also denied our 2025 application to hold a holiday display and event in the Iowa Capitol Building Rotunda—both (1) on the basis of our religion and/or their perception of our religion and (2) in retaliation for our prior reports of discrimination. We incorporate all evidence from our previous cases CP# 85526 & CP# 85468. These previous denials are also described below.

On September 29, 2025, we properly submitted a Capitol Building Application to hold an event in the 1st Floor Rotunda—East entitled TST Iowa Holiday Display Day (the “Event”) on December 13, 2025. In our application, the Event was described as follows: TST Iowa’s holiday display will include an itinerary for the day with ritual, Krampus costumes, caroling, and other family-friendly activities such as coloring pages, and make and take ornaments. Our application stated that everything was family-friendly, and our display would always be attended to by at least one member of our congregation.

On October 29, 2025, Suzy Trotter, the Capitol Complex Events Coordinator for IDAS, informed us that the event had been added to the Capitol Complex Events Calendar and requested us to complete and submit a Memorandum of Understanding (“MOU”) “with a sketch and/or details of the event.” We submitted the requested MOU and information on November 4, 2025. On November 6, 2025, she requested additional information about the event. On November 11, 2025, I provided the requested information. On November 24, 2025, I received an email from Suzy Trotter stating “this request is not approved. If you have any questions contact Director Campbell at mark.campbell@iowa.gov.” They provided no further information on the basis for denial. We believe this discrimination, on the basis of our actual and perceived religion and retaliation, violated our rights under the Iowa Civil Rights Act.

IDAS also denied the TST application to hold a holiday display and event in the Iowa Capitol Building Rotunda in 2024—both (1) on the basis of our religion and/or their perception of our religion and (2) in retaliation for our prior reports of discrimination.

On June 10, 2025, we filed a civil rights complaint against Adam Steen, IDAS, and IGOV for the discriminatory denial of our 2024 event application. We incorporate here the allegations from those complaints. (CP# 07-25-84063 & 07-25-84064). On November 24, 2025, the OCR provided its Tier 1 Investigative Report, recommending further investigation in the cases.

In 2024, TST Iowa submitted its application on October 7, 2024, months in advance. We completed all requested forms and provided supplementary information and materials on October 21, 2024. With no response, we followed up to check on the status of our application on November 4, 2024, and again on November 12, 2024. It was not until December 3, 2024, mere weeks prior to the planned event date, that IDAS requested still more information about the Event, which we provided immediately, and then not until December 10, 2024, days prior to the planned Event-date, that IDAS issued its summary denial. All our attempts to resolve the purported concerns were ignored.

This timeline indicates that Respondents never intended to consider our application seriously or fairly, but instead always intended to deny it. The timeline also indicates that Respondents intentionally delayed in communicating their decision to us, in contrast to a more typical timeline to process other event applications for individuals and groups associated with, or perceived to be associated with, non-Satanic religions. They did so because it left us scrambling to try and appease their concerns by modifying the Event at the last minute, and excused them from the embarrassment of drawn-out publicity concerning their unwarranted cancellation and their ongoing refusal to engage with us on the Event. By delaying, they were able to ignore us and refuse to entertain our offers to, for example, omit the costume contest and reschedule. In part through this delay, Respondents were able to prevent the Event entirely and deprive us of equal access to the Capitol during the 2024 and 2025 holiday season.

In 2023, TST’s Iowa holiday display at the Iowa State Capitol was destroyed by an individual who admitted that he did so because of our religion, referring to his actions as “Christian civil disobedience.”

2) What service were you seeking, and where did you go to get the service?

On March 7, 2026, we properly submitted a Capitol Building Application with IDAS, the Capitol Complex events office (capitol.complex.events@iowa.gov), to hold an event in the 1st Floor Rotunda–East entitled TST Iowa Holiday Display Day (the “Event”) on December 12, 2026.

3) Who denied you the service?

Iowa DAS, through Suzy Trotter, the Capitol Complex Events Coordinator at the Iowa Department of Administrative Services—likely under the direction of Mark Campbell, Director of the Iowa Department of Administrative Services, has failed to acknowledge or respond to our application, which was submitted more than three months ago.

4) What is that person’s religion?

Based on publicly available information, Suzy Trotter is a member of Sacred Heart Catholic Church in Newton, Iowa where she holds an active and ongoing volunteer role spanning several years. Mark Campbell’s religion is unknown to me.

5) When were you notified that the service would not be provided to you?

IDAS has failed to provide its normal services or public accommodations to TST: it has still not even acknowledged or responded to our application. We cannot proceed with scheduling our event.

6) How were you notified?

IDAS has still not even acknowledged or responded to our application. We cannot proceed with scheduling our event.

7) What reasons were you given for the denial? Include all reasons.

As of June 23, 2026, IDAS has still not even acknowledged or responded to our application. We cannot proceed with scheduling our event. This ongoing denial of services and public accommodations to TST is consistent with its past denials and constitutes an ongoing denial. It is based on our religion and Respondents’ perception of our religion and in retaliation for our prior reports of religious discrimination as prohibited under the ICRA, as supported by Respondents’ statements.

8) Why do you believe you were denied services? Why do you think this is? Be specific.

I believe IDAS is refusing to respond to our application on the basis of our religion and/or their perception of our religion and in retaliation for our prior reports of religious discrimination in public accommodations, as well as due to public pressure from Adam Steen. We cannot proceed with scheduling our event.

9) Were you qualified for service? ☒ Yes ☐ No If not, did the Respondents know this?

10) Why do you feel you were qualified for service?

Respondents allow various organizations (including religious ones) to hold events at the Iowa State Capitol building. Our organization is and was qualified for this service because we submitted our event application well in advance and we met every published requirement for reserving space in the Capitol Rotunda. The activities outlined in our itinerary (ritual, caroling, costume contest, arts and crafts) are and were explicitly designed to be family-friendly.

TST Iowa submitted its application on March 7, 2026, well in advance of the event date. Yet, unlike the services and public accommodations offered to every other applicant who does not share our religion, as of June 23, 2026, more than three months after we submitted our application, we have not even received any response to our application.

11) Has anyone else (no more qualified than you) received the service? Explain.

Yes. Other non-religiously affiliated and religiously affiliated groups were approved for similar events in the Capitol Rotunda. Religiously affiliated groups who received the services include: “Christmas Carols by Red Oak Mennonite Youth Group”, “Caroling by Madrid High School Choir Department”, “Governor’s Office Christmas Tree Lighting”, “Dia de los Muertos Tribute Ofrenda by Iowa Coalition Against Domestic Violence”, “Iowa Capitol National Day of Prayer by The FAMiLY Leader”, “Conquering our City through Prayer by Pastors and Ministers Alliance”, “Prayer Rally for Life by Iowa Coalition of Pro-Life Leaders”, “Gather at the Gate by Church Ambassador Network”, and “Iowa State Capitol Bible Reading Marathon by Iowa 99 County Bible Reading Marathon”.

These events, like ours, were open to the public, religious in nature, and accessible to minors, but none were denied on the basis of MOU section 5.15.

Additionally, many other groups have submitted applications around the same time or earlier than us and received responses within one to two business days. Organizations have had events placed on the calendar as far out as January and February 2027. We have not received a response, and our application was submitted over three months ago. As a matter of its normal process, when DAS receives an application, the events coordinator acknowledges receipt and places the event on the calendar within one to two business days. This has been the case with all of the applications we were able to review following our Chapter 22 open records request. We did not see any application that just went completely unanswered, other than ours. In our case, DAS has refused to even acknowledge receipt of our event application, let alone add it the event on the calendar.

12) What is that person’s religion?

The organizations and their religious affiliations are provided above.

If you have any other information that would help your case that was not adequately covered in the answers to the questions, please provide that information here or on a separate sheet of paper.

Public Accommodations- General Treatment
Complainant Questions- Case Number: 85818
THE SATANIC TEMPLE VS. IOWA DEPARTMENT OF ADMINISTRATIVE
SERVICES ET AL.

1) How were you treated differently because of your religion? Give specific details.

From the start, our event was treated with suspicion and unusual delay because it was organized by The Satanic Temple Iowa (“TST Iowa”). Satanism is a religion openly disfavored by Iowa’s Governor, state officials, and IDAS leadership. When we applied on March 7, 2026, our event was similar in scope and format to many other religious holiday events held at the Capitol. We planned to play music, encouraged seasonally appropriate costumes, perform a ritual (this, as explained to Respondents, was to be simply a procession, or walk, to our display using a flameless candle), and also offered arts and crafts activities for families.

As a matter of process, when DAS receives an application, the events coordinator acknowledges receipt and places the event on the calendar within one to two business days. This has been the case with all of the applications we were able to review. We did not see any application that went completely unanswered. In our case, DAS has refused to even acknowledge receipt of our event application, let alone place the event on the calendar more than three months after we submitted the application.

Because TST Iowa is a Satanic group, our application was processed very differently from similar applications; we were treated differently based on our religion.

2) How were you treated differently than persons who are different from you in religion?

Other religiously affiliated groups were approved for similar events in the Capitol Rotunda, including “Christmas Carols by Red Oak Mennonite Youth Group”, “Caroling by Madrid High School Choir Department”, “Governor’s Office Christmas Tree Lighting”, “Dia de los Muertos Tribute Ofrenda by Iowa Coalition Against Domestic Violence”, “Iowa Capitol National Day of Prayer by The FAMiLY Leader”, “Conquering our City through Prayer by Pastors and Ministers Alliance”, “Prayer Rally for Life by Iowa Coalition of Pro-Life Leaders”, “Gather at the Gate by Church Ambassador Network”, and “Iowa State Capitol Bible Reading Marathon by Iowa 99 County Bible Reading Marathon”.

These events, like ours, were open to the public, religious in nature, and accessible to minors, but none were denied on the basis of MOU section 5.15. We did not see any application that just went completely unanswered. In our case, DAS has refused to even acknowledge receipt of our event application, let alone place the event on the calendar.

3) Who treated you differently? List those persons who treated you differently by name, position, religion?

IDAS through Suzy Trotter, the Capitol Complex Events Coordinator at the Iowa Department of Administrative Services—likely under the direction of Mark Campbell, Director of the Iowa Department of Administrative Services.

4) Describe all of the ways that you were treated differently because of your religion. Include dates, times, locations and names and titles of all person involved.

In June 2024, we applied to hold a four-day reading marathon of *Paradise Lost* (a core religious text for The Satanic Temple). IDAS changed its event policy to prohibit multi-day events and limit each group to one event per year, the same day that our *Paradise Lost* event was added to the Capitol Events calendar. Also, our event request for the holiday display at the Capitol for December 14, 2024, was denied.

The Iowa State Capitol building allows various organizations (including religious ones) to hold events. Our organization was qualified for this service because we submitted our event application well in advance and signed a Memorandum of Understanding. We met every published requirement for reserving space in the Capitol Rotunda. Our application was submitted months in advance, and we were prompt in responding to each of IDAS's requests for additional information. The activities outlined in our itinerary (ritual, caroling, costume contest, arts and crafts) were explicitly designed to be family-friendly. The denial email from Suzy Trotter did not explain why our application was denied and seemed intentionally succinct.

TST Iowa submitted its application on September 29, 2025, well in advance of the event date. On October 29, 2025, Suzy Trotter, the Capitol Complex Events Coordinator for IDAS, informed us that the event had been added to the Capitol Complex Events Calendar and requested us to complete and submit a Memorandum of Understanding ("MOU") "with a sketch and/or details of the event." We submitted the requested MOU along with our planned event itinerary, and two photos of elements of our holiday display on November 5, 2025. On November 6, 2025, Suzy Trotter requested additional photos and details about our event, which we submitted on November 11. We received an out-of-office message from Suzy Trotter that same day informing us the State of Iowa offices are closed for Veterans Day and that they will return to the office on November 12, 2025. We did not hear from Suzy Trotter or IDAS again until the denial email on November 24, 2025.

On March 7, 2026, we properly submitted a Capitol Building Application to hold an event in the 1st Floor Rotunda-East entitled TST Iowa Holiday Display Day (the "Event") on December 12, 2026, to the Capitol Complex events office (capitol.complex.events@iowa.gov).

As of June 23, 2026, over three months later, we have not received any response to our application. Other organizations have had events approved on the calendar as far out as January and February 2027.

5) Why do you believe you were treated differently?

Our application was completely ignored on the basis of our religion and/or their perception of our religion, and in retaliation for our prior reports of religious discrimination in public accommodations. We have still not received any response to our application. We cannot proceed with scheduling our event.

6) Did you complain to anyone at the time about the way you were treated? If so, to whom did you complain and what was the response you received?

Because this functional denial of our application came AFTER our complaint and screening decision by the IOCR regarding the 2024 denial, our objections were already well known to the respondents.

If you have any other information that would help your case that was not adequately covered in the answers to the questions, please provide that information here or on a separate sheet of paper.

Provided to the IOCR in attachments hereto, to the Complaint, and in, and to, the incorporated Complaints and attachments related to this ongoing denial of public accommodations and services by Respondents beginning in 2024. (*See CP# 07-25-84063, CP# 07-25-84064, CP # 85526, and CP # 85468*).

Exhibits W & X Notice of Supplemental Authority

Before the Iowa Office of Civil Rights

Complainants, Mortimer Adramelech and The Satanic Temple, Inc. v. Respondent, Iowa Department of Administrative Services, Adam Steen, and the Office of the Governor of the State of Iowa	CP#s: #07-25-84063 <i>and</i> #07-25-84064 Notice of Supplemental Authority
--	--

Complainants (Mortimer Adramalech and The Satanic Temple of Iowa) submit the following attached article and video of Adam Steen as important additional direct evidence that speaks directly to the motivations and views of Respondents regarding the religion of Complainants, their perceptions of the religion of Complainants, and the pretextual nature of the claim that their application was denied, retaliatory basis for changing the policy governing events and displays, and parties involved in the decision-making.

At a recent campaign event on May 25th, 2026 (video attached as Exhibit W), Steen specifically discussed The Satanic Temple's application. It is captioned: "Adam Steen talks about addressing request for displays at the Iowa Capitol in past role." Steen states in the video:

"You don't even have to stand near...your display. And I'm like, well, that's a very terrible policy. It leaves us exposed to a lot of different things. And sure enough, the Satanic Temple shows up and they reserve space at the capital for the Baphomet statue. It's the...devil goat thing. And I called the attorney general's office. I called the governor's office. I called the leadership of the House and the Senate. We met in a boardroom and I said, 'Here we go.' Because we didn't get that policy change. We're now exposed...And so I said, 'Here's the deal, guys. I am willing to deny this. I'm willing to deny it, but we're going to...lose because we have a terrible policy in place.' I said, 'Or I can grin and bear it and we can let this thing be displayed for two weeks, but we're changing the policy'...We changed the policy. I took policy from Florida. I took policy from Texas. We put it into one. I gave the DAS director, who I was at the

time, discretion to determine if something was harmful to minors or obscene material. I gave myself the ability to do that. We actually had a tight policy. And you know what happened? The next thing that was requested was an all ages family-friendly drag show. I denied that per the policy. Didn't get sued for that. The...Satanic Temple shows up. They requested a 3-day reading of Paradise Lost. I had taken the policy and crammed it down to a one-day display. So, you couldn't display anything for 14 days anymore. It had to be one day. So, they came back— 3-day reading of Paradise Lost. Nope.”

Erin Murphy/The Gazette

ANKENY — Adam Steen senses apathy in Iowa voters that could lead to low turnout in next Tuesday's primary election.

That makes the scramble for likely but still undecided voters all the more important, Steen, one of five Republican candidates for Iowa governor, said Monday night after a campaign event at an events space here.

"There is a ton of apathy out there, a scary amount of apathy. Now why is that? I don't know," Steen told reporters after Monday night's event. "There's a ton of apathy. I think we'll probably see it in the voter turnout in the primary, and then job No. 1 is to get more enthusiasm and excitement out there in the general (election)."

Steen, a former state agency director from Runnells, addressed roughly 50 people for roughly two hours Monday night as part of his blitz of events leading to Tuesday's primary election. Monday night's was one of 37 events his campaign has scheduled throughout the state over these final two weeks, including Election Day.

Also seeking Iowa Republicans' nomination for governor are U.S. Rep. Randy Feenstra, of Hull; business owner Zach Lahn, of Belle Plaine; pastor Brad Sherman, of Williamsburg; and state legislator Eddie Andrews, of Johnston.

Republican Iowa Gov. Kim Reynolds, who has held the office since 2017, is not seeking re-election. Rob Sand, the Iowa state auditor from Decorah, is the lone Democratic candidate for governor.

While there has been no independent, public polling on Iowa's Republican gubernatorial primary campaign, multiple campaigns have told The Gazette they believe there remains a large percentage of undecided voters just days before the election. Steen said Monday his barnstorming tour and TV ads were designed to capture as many of those undecided voters as possible.

"We assume that Iowa is sort of a late-break voting base, and that's why this last week we're hitting the airwaves with TV ads. Because we've got them all cut; we want to get as many out there as possible," Steen said. "But we did also spend a very large amount of time on the grassroots infrastructure ground game. I mean, you drive around the state, there's Adam Steen signs everywhere. It's the hard work we put in."

Iowa Republican gubernatorial candidate Adam Steen speaks Monday during a campaign event in Ankeny.
Erin Murphy/The Gazette

During his remarks and Q&A with Monday night's crowd, Steen touched on his familiar campaign themes of touting his experience in business and as a state agency leader, and the central role his faith plays in his life. He had pointed criticisms for Feenstra, the perceived front-runner in the Republican primary, and Sand, who will face the GOP primary winner in this fall's general election.

Steen told the gathering that he believed he and his campaign had done everything in their power to be competitive when the votes are tallied next week.

"We've worked incredibly hard over the last nine and a half months. But we've got eight days left, and I can stand here right now, and I can say with absolute confidence that I am at absolute peace with everything that we've done," Steen said. "I can tell you right now that I go home every night and I lay my head down

knowing I've kept my integrity, I didn't bend my morals, I didn't compromise my values, and I'm at absolute peace that we've done everything we've known how to do.

"We got eight days left, and we're leaving it all on the field. That's how I roll."

Iowa Republican gubernatorial candidate Adam Steen talks about how as former Iowa Department of Administrative Services Director he addressed requests for displays at the Iowa Capitol by the Satanic Temple during an event on May 25, 2026 in Ankeny, Iowa.
